

YANKEE WOMAN MAY BE CROWNED GRECIAN QUEEN

Former Mrs. William D. Leeds
May Be Queen if Constan-
tine Abdicates.

BY WEBB MILLER

PARIS, Sept. 13.—(By U. P.)—An American woman—the former Mrs. William D. Leeds, widow of the "in-plate" king—may become the Queen of Greece in case King Constantine, whose throne is tottering because of Turkish victories, abdicates.

In high Greek circles here today it was believed that Constantine, who is blamed for the disastrous war in which the Greeks have been driven from large portions of Asia Minor, will abdicate in favor of his brother, Prince Christopher, husband of Mrs. Leeds. Mrs. Leeds—the Princess Anastasia—was reported to have spent millions of dollars from the estate left her by her first husband—who began life as a laborer in Ohio—in restoring the "Palace of Greece." It was said to be through her influence—in part—that King Constantine was returned to the throne. The son of the "in-plate" princess, William D. Leeds, Jr., married also into Greek royalty, becoming the husband of Princess Xenia nearly a year ago.

IRISH COMBATANTS CLASH IN DUBLIN

Attempt Made by Rebels to
Storm Mount Joy Prison
Where Leaders Are Held.

DUBLIN, Sept. 13.—(By I. N. S.)—Fighting broke out here today between irregulars and Free State troops when the former attempted to storm Mount Joy prison where Frederick O'Connor, former commander-in-chief of the rebel army, and other irregular leaders are confined.

Free State troops were rushed to the defense of the prison and the battle lasted half an hour. The irregulars eventually were dispersed. The casualties were unknown.

Eamonn De Valera has been in Dublin conferring with Gen. Richard Mulcahy, commander of the Free State army, on peace terms for the Irish irregulars. It was learned today that the general opinion is that a peace treaty between the Free State and irregulars is improbable at this time.

The peace terms of the Free State government, as outlined by Gen. Mulcahy, were understood to be as follows:

- 1.—Rebels to lay down their arms and pledge themselves to respect the constitution.
- 2.—There shall be no revision of the Anglo-Irish treaty.

EXPLOSION ROCKS WESTERN CITIES

Dynamite Believed Used in
Bombs That Explode Near
Santa Fe R. R. Train.

SAN BERNARDINO, Calif., Sept. 13.—More than 20 sticks of dynamite, it was believed today, were used in bombs which exploded here near a Santa Fe railroad train late last night, the blast rocked the country side for a mile around. Damage, however, was slight.

The violent shock was mainly felt between Colton and this city, but Del Rosa, the Arrow-head hospital and the town of Rialto also felt the force of the blast.

An investigation was in progress to ascertain if rail strike sympathizers were concerned in the explosion.

VENIZELIS READY TO RESUME POWER

PARIS, Sept. 13.—(By U. P.)—Former Premier Venizelos today stated through Secy. Nichalopoulos that he would return to Greece if the people insist upon it.

Venizelos left Greece when King Constantine regained the throne, and his return to power there would be linked with the king's abdication, it is believed.

Venizelos was in conference with a number of his adherents here today.

Axe Campaign in Health Crusade Continued Here

City Attorney to Ask Judge
Oare to Rule on Re-
straining Order.

Concluding the week's clean-up campaign of outbuildings preliminary to sending out of more final notices, health department officials Wednesday added five to the list of wreckage, running their total to date to 21.

The premises where notices had been served and where the axe concluded the argument were at 217-19-21 Pine st., and at 801-805 W. Division st. Atty. Will G. Crabb is reported to be the agent.

City Atty. L. W. Hammond stated Wednesday that he was prepared to go before Judge Lena J. Oare in whose court, during ex-Judge Klein's incumbency, an order was issued against health department officials restraining the destruction of outbuildings at 617 and 619 Niles av. He would seek an immediate hearing of the case, he said, show cause why the two nuisances should be abated. Should the court dissolve the restraining order, it was said, the officials of the department would at once wreck the offending structures.

The condition on Niles av. has been bitterly complained of by neighbors.

Directors of Y. M. C. A. in Inspection of Building

The regular meeting of the board of directors of the Y. M. C. A. was held Tuesday evening at the association building. Besides the regular routine business members of the board inspected the building including the boiler room where new hand-stokers are being installed to increase the efficiency of the heating plant, and the filtration and chlorination system of the swimming pool. The new class rooms in the boys' building being prepared by the school city for the use of the part-time schools which will be held in the Y. M. C. A. during the winter, were also inspected.

Plans for the approaching campaign to secure the \$25,000 necessary for the operation of the association up until May, 1923, were discussed.

Bicycle Rider Hurt When Bike and Automobile Meet

Severe bruises were sustained by a man giving his name as M. R. Barnett when a bicycle he was riding collided with an automobile at 6:45 o'clock Wednesday morning at Indiana av. and Scott st.

A. C. Lowell, 332 E. Bowman st., reporting the accident to the police, stated he was driving his Studebaker Special-Six touring car west on Indiana av. when Barnett ran into the heavier vehicle. Lowell stated he removed the injured man to his home at 1720 S. Scott st. Except for bruises Lowell informed the police, Barnett escaped serious injury.

Two Passenger Trains Off On Niles' Big Four Lines

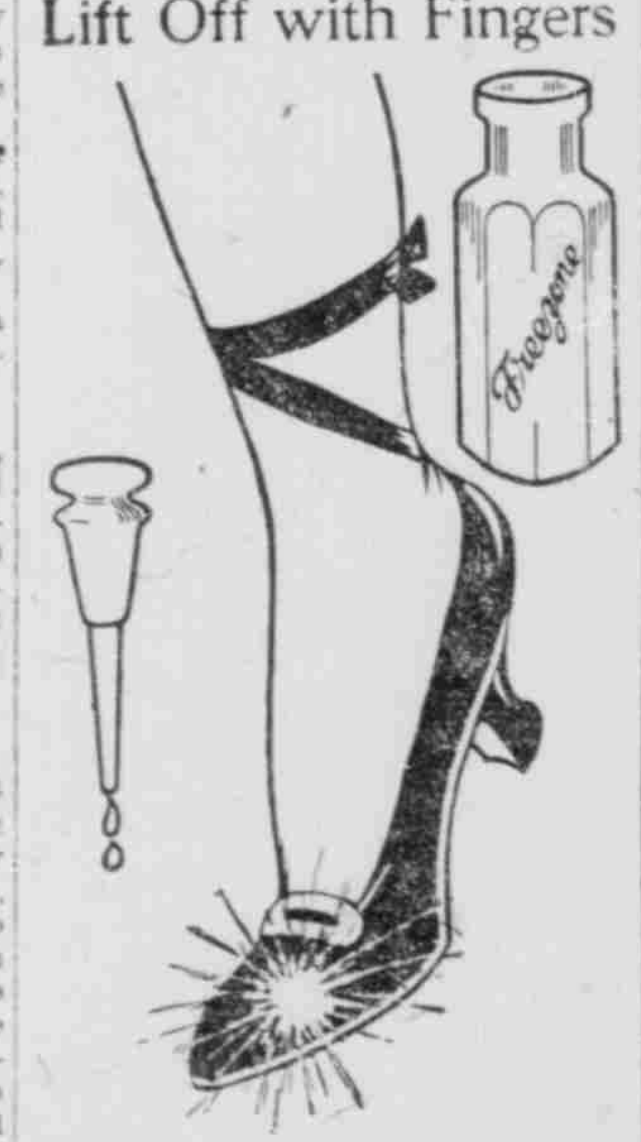

NILES, Mich., Sept. 13.—The order of the Big Four railway company eliminating seven passenger trains on their lines, was the reason for the cancellation of two passenger trains which pass through Niles, enroute from Indianapolis to Benton Harbor and return. A local train will continue to leave Niles for Benton Harbor at 6 p. m., and will leave for the south at 8:45 a. m. The order was issued cancelling the trains in order to assist the railways in moving coal more freely.

LOOT JEWELRY STORE.

MINNEAPOLIS, Minn., Sept. 13.—Two unmasked bandits robbed A. E. Paegel jewelry store, in the heart of the fashionable retail district, of \$10,000 worth of jewelry and \$500 in cash this morning and escaped in an automobile.

COMMISSION FINDS TRACKS DESTROYED

WASHINGTON, Sept. 13.—(By U. P.)—The derailing of an International Railway company train near Elwood, N. Y., on Aug. 17, with the injury of 21 persons, was caused by "malicious destruction" of the railroad track, the interstate commerce commission announced today.

The commission pointed out that many of the passengers were warned against the trip a short time before the train left. High explosive, probably dynamite, was used, the commission said.

Light Session in Tribunal as Donahue Directs Probe

The greater majority of nearly 100 cases set for arraignment or hearing in City court Wednesday went over for later day hearings. A score of motor law and parking ordinance offenders will be disposed of this afternoon.

County Poor Atty. Harry S. Taylor

relieved Dep. Pros. George D. Donahue

as the state's representative. Arguments were heard in one case, but the majority were set over until Donahue's return, expected when he will be relieved of grand jury examinations.

OFTEN TOO LATE TO MEND.

There's an old adage that it's never too late to mend. This may be true of everything else but fire insurance. You are a merchant or a house owner and you may think you are sitting pretty on the question of fire, but are you? Better see to this today. Remember it's always too late to mend after fire has swept your store or home. Call the Green Agency, 428 Farmers Trust building, Lincoln 6354.
